SPARRING AT ALEXANDRIA. Several Good Contests Assured for Tues-day Evening, May 22.

Next Tuesday evening the Pastime Athletic Club will give an athletic entertainment in Henry's opera house, Alexandria. Proprietor Dan Henry is going to considerable expense in fixing up the theater and ring for the affair. To prevent accidents, he is having the floor in the ring padded and covered with ennyas. The ring is postless, and similar to the one used by the famous Olympic Club of New Orleans. The members of the Pastime Athletic Club are well known, and guarantee that the different bouts will come off as ad-

vertised.

The special bouts arranged are between Billy Butler and Jack Toliver, twelve rounds, and Billy Fitzpatrick and Hite Feckham, fifteen rounds. Peckham is more generally known as Mike Farrell. All the principals have posted forfeits for their appearance in the ring on next Tuesday evening. There will be one or two preliminary bouts, the details of which have not yet been arranged. The tickets of admission have been placed at one and two dollars, while visitors from this city can reach the place either by ferry or by the Baltimore and Potomae 8 o'clock train.

St. Louis Has a Rainy Day. Sr. Louis, Mo., May 17.—To-day's card at the fair grounds had as its feature a steeplechase over the short course, and it served to draw a good crowd, despite the threatening weather. The talent, however, broke even, three favorites and three outsiders landing the money. money.

Mr. Byran's Retirement. Representative William J. Bryan, of the First Nebraska district, has sent a letter to the chairman of his congressional committee, Judge J H. Broady, of Lincoln, declining to be a caudi date for re-election. His reasons for retiring from congressional life are that he is unwilling to enter into a contest, which, to be waged suc-cessfully, would confine him to his district dur-ing the campaign.

SPORT SPOILED BY DELAYS

The Racing at Gravesend Yesterday Had Its Disagreeable Features.

STARTER ROWE IN POOR FORM

But Three of the Sprinters in the Opening Dash Had a Chance Owing to the Wretched Send-off-Preakness Stake Proved an Easy Thing for Assignee.

NEW YORK, May 17 .- In spite of the threaten track to-day was fully as large as that of yester day, at least 8,000 people being present when the bugle called the horses to the post in the first race. Before the fifth race was run a heavy drizzle set in, and owin, to the almost interminable delay between the races, it was hard to dis-tinguish the horses in the sixth race until they got into the stretch. The usual concomitant o racing thus far was absent, for but one arres was made, and that was simply on an old war rant, a truce between DeLacy and the club hav-ing been declared until Monday.

In the first race the horses were sent away to wretched start. Kentigerna, Miss Maude, and Derfargilla were the only ones who were ser ously considered, and the first named led to the last furlong, when Hamilton came with a rush on Miss Maude and wore Kentigerna's lead down

last furlong, when Hamilton came with a rush on Miss Maude and wore Kentigerna's lead down linch by hich, finally winning by a head in a fine contest, the only one of the day.

**Commande was the favorite in the second and won with a good bit to spare.

In the filly race Ridicule, at evens, won without effort, and from a bad start. She showed a dasis of speed which will make the colls run their fastest to beat hor.

The Preakness stake was easy work for Assignee, as he won without trouble from the favorite Potentate. In the fifth race Counter Tenor, the stable companion to Gothim, made his appearance and founded home an easy winner from an ordinary lot. A lot of selling platers ran in the last. Summary:

TO PREVENT COLLISIONS.

Mr. Fithian's Bill to Avoid Accidents a Sea Formally Reported.

Chairman Fithian, of the Committee on Merchant Marine and Fisheries, has made a Baron Oppenheim, the Paris financier, is reported to have ordered built in France a racing yacht to cost 500,000 francs, to compete with the Vigilant and other yachts of that class. The passage of the bill, says the report, will

to prevent collisions at sea proposed by the
international conference of 1882, held at
Washington. The regulations were unanimously adopted by the conference, at which
twenty-seven nations were represented, and
were referred by the delegates to their respective governments for consideration.
Congress, by the act mentioned, enacted the
regulations in their entirety, with the promise

This power was to be exercised by the President when the other nations, parties to the agreement, indicated their willingness to the agreement, indicated their willingness to accept and enforce the regulations.

Through diplomatic channels the other nations have signified their readiness to enact the regulations with certain modifications, which are covered by this bill. The most im-portant change concerns fishing vessels, which are to be exempted, because the differ-ence in the modes of fishing employed by the various maritime nations make it difficult, if not impossible, to frame common regulations.
